Still a Reason to be Thankful

The Executive Director's Message

We all come across difficult times and we all have different ways of dealing with them. For the past two years, COVID 19 have put us all at a place that we have never been before. Our entire way of living— our life has had to be altered in some form or fashion. Celebrating Christmas is the one season that will bring joy in a person's life because it is the time where we can come together with family, friends, love, and laughter to celebrate the birth of Jesus Christ. A time of hope, forgiveness, and love for one another spending our time remembering our loved ones that we have lost and being thankful for the ones who are still with us

As we think about the past two years, we still have so much to be thankful for. Each of us was born with a purpose. No one was born with a blank agenda for their life. Jeremiah 29:11 "For I know the plans I have for you," declares the Lord "Plans to prosper you and not to harm you, plans to give you hope and a future." From birth, our lives were and still are all in God's plan. It is up to us to trust Him and run the race that He has designed for our lives. As we move forward into 2022, the most important thing that can help us stay strong during these challenging times is to remember the day that Jesus Christ was born and to trust His promises to us. Have a blessed and happy holiday.

Lanza "Wendy" Seals

Tis the season to be giving

MERRY CHRISTMAS!

Giving is about making a difference

Help Angel Wings Out-Reach Center
make a difference in the lives of victims of
Domestic Violence.

**YOUR DONATION WILL BE GREATLY APPRECIATED.

October—National Domestic Violence Awareness Month

Domestic violence has a significant impact on the general health and wellbeing of individuals.

- On average, nearly 20 people per minute are physically abused by an intimate partner in the United States. During one year, this equates to more than 10 million women and men.
- 1 in 4 women and 1 in 9 men experience severe intimate partner physical violence.
- 1 in 3 women and 1 in 4 men have experienced some form of physical violence by an intimate partner.
- 1 in 7 women and 1 in 25 men have been injured by an intimate partner.
- 1 in 10 women have been raped by an intimate partner. Data is unavailable on male victims.
- 1 in 4 women and 1 in 7 men have been victims of severe physical violence (beating, burning, strangling) by an intimate partner in their lifetime.

Domestic Violence Doesn't Take A Holiday

Don't Stay in an Abusive Relationship

I have lived to tell a story that is not always told. There is so much more that happened prior to the poem. I was abused for one year and nearly died until one person, "a stranger," helped me escape from this man. I almost lost my life while I was being beat. I wish to write a story about this so that people understand that it's not okay and not safe to stay in an abusive relationship. I went through being homeless to no food, to nothing. I am now an owner of a well-known business and have a five-year old son whom I love dearly, and he has made me forget my past. Whoever reads this, please leave if you're in an abusive relations. God Bless!

March 3, 2019, my life changed drastically. I was accepted into Angel Wings Out-Reach Center with open arms. I was given courage and hope that day. The entire staff was loving, caring, and uplifting. They provided all my needs. They provided transportation to and from my job, no matter the day or the time. Just three months after arriving, I was given six months free rent which put my feet back on solid ground. Angel Wings gave me the push I needed to get my life back on track. I do not know where I would be if it had not been for Angel Wings Out-Reach Center stepping in and paving the way. I am still domestic violence free, drug and alcohol free also, and it all started with Angel Wings! I recommend this place to anyone struggling with domestic violence. Thank you again for all of the love and courage that was given by your organization! I love Angel Wings Out-reach Center! Sincerely, Regina D.

Angel Wings Receives KFC Donation

Teen Dating Violence Stats

- 1.5 million high school students nationwide experience physical abuse from a dating partner in a single year.
- 1 in 3 girls in the US is a victim of physical, emotional or verbal abuse from a dating partner, a figure that far exceeds rates of other types of youth violence.
- Only 33% of teens who were in an abusive relationship ever told anyone about the abuse.
- 81% of parents believe teen dating violence is not an issue or admit they do not know if it is an issue.
- Teens who suffer dating abuse are subject to long-term consequences like alcoholism, eating disorders, promiscuity, thoughts of suicide, & violent behavior.
- 50% of young people who experience rape, or physical or sexual abuse will attempt to commit suicide.
- Among male high school students who have experienced sexual and physical abuse by a dating partner, more than 1 in 4 have seriously contemplated suicide, and as many have attempted suicide
